The Wedding Photographer

JEFF DAVIES

Congratulations

If you are reading this, then you have already started to plan your wedding. If you give me the opportunity to discuss your photography plans you may find that I am the Wedding Photographer you are looking for, to capture those memorable moments that will be yours forever.

I am a wedding and portrait photographer based in the Blue Mountains. My passion is photography and I love taking beautiful images of people.

My customers tell me I am friendly, relaxed and put people at their ease. I do not charge by the hour nor do I have set times. How else can I possibly capture all of those special moments if I am not there when you need me?

I look forward to discussing your wedding plans.

*Warm regards,
Jeff Davies*
